But whom should you respect the most? You must care for those who always care for you. You know that your parents care for you for every little thing. You must love them, respect them, and care for them. Besides bringing you into the world, your parents spend their time, energy, and strength to make sure that you have what you need or want. Telling them that you thank them reflects the level of your respect for them. The easiest way to show your love and respect is to tell them that you appreciate who they are and what they do. You can also do something small but meaningful, for example, wash the dishes, clean the kitchen after dinner or clean the rooms. Your parents will pay attention to and appreciate your acts of kindness. You may also tell your mom how well she cooks, or tell your dad how great he is at his job.
